#### About V.Group:

V.Group is one of the world's largest independent providers of marine services to the commercial shipping, cruise industries and energy sector. We provide services to over 300 clients, circa 1000 vessels, supported by our 70 offices in more than 30 countries around the world. We have over 30 years of experience from keeping world trade moving across the oceans to supplying workforces for ships of all kinds. We can deliver offshore exploration projects and ensuring smooth sailing on a luxury cruise ship to being on the spot at short notice for an undersea repair. Even providing vessel financing to charter fixing, we find solutions for the most complex outsourcing challenges. With over 44,000 skilled crew members and 2,950 shore-based employees worldwide across all disciplines, joining us could easily lead to a career for life.
